

Sequence Diagram

<http://www.ibm.com/developerworks/rational/library/3101.html>

https://en.wikipedia.org/wiki/Sequence_diagram

Shows the interaction between instances as event sequences, which result in some desired outcome.

Focus is on the order the messages occur in.

Communicates which calls are made and the return values.

Instances

Naming convention

Instance Name : Class Name

Lifelines

Messages

Methods

Return values
